

The East Woodhay Village Hall Description

The hall has been here at Heath End for many years and is a busy part of this small village.

It has hosted events such as the annual parish flower show, many children's groups and local societies, and countless parties ever since.

The hall has a secluded grassed garden, surrounded by trees and hedges, which is completely secure.

There is good off road car parking and the siting of the EW Parish playground next door, in addition to the hall's own garden, is also attractive to those organising events for young children.

There is a separate bar and kitchen area equipped with fast-cycle dishwasher, fridge freezer, warming cupboard, microwave cooker, two hob/cookers, kettles, urn, and a full range of crockery, glassware and cutlery.

Folding tables and chairs come with the hire.

The lighting is dimmable and a PA system, projector and screen are available. The PA will play MP3 format music files direct from an I-Phone, or WAV /MP3 audio from your player. WiFi connection is also available.

Male and female toilets and a disabled toilet are provided and the Hall has two ramped access doors.

Bouncy Castles - East Woodhay Village Hall Trustees allow the use of bouncy castles and similar play devices under the conditions outlined in the document entitled 'Bouncy Castles - Rules and Indemnity Form' (this form is available from the Booking Representative or any member of the Management Committee). This form must be read, signed and returned to the EWVH Bookings Representative before the event takes place.

The Hall dimensions are 8m wide by 16 m long, Capacity is 250 persons standing, 150 persons in theatre style seating and 100 persons seated at 20 tables.

The separate Meeting Room, which is 3.3m wide and 8m long, is capable of holding 24 persons in theatre style seating, 18 seated at tables.
